Team 8 - Sprint 1 review report
(Bianka Liiv, Sten Margus, Elias Ojala, Alessa Pentinmikko)

What has been done:
- We created Trello
- We wrote product vision and project plan
- Project repository and version control was set up
- We set up docker

What is in progress:
- We are developing the UI blueprint for the application in Figma
- We are populating the product backlog
- We are developing the frontend and backend

Obstacles we faced:
- We are behind schedule on some of the tasks (figma, product backlog)
